

Dr. Carlotta A. Berry – Speaking Engagement Rates

Professor • Engineer • Researcher • Author • Speaker • Advocate

Founder of **NoireSTEMinist®**, Co-founder of **Black in Engineering & Black in Robotics**

Author, **Mobile Robotics for Multidisciplinary Education**, Editor, **Mitigating Bias in Machine Learning**

Standard Rates (One-Hour In-Person Engagements)

Academic & Educational Institutions

- Colleges, universities, K–12 schools, STEM camps
- **\$3,000–\$5,000 per hour**
- Discounted rates possible for Title I schools, HBCUs, and community nonprofits

Corporate & Industry Events

- Tech companies, engineering firms, DEI initiatives, professional conferences
- **\$7,500–\$10,000 per hour**
- Includes keynote talks, panel participation, or fireside chats

Nonprofit & Community Organizations

- STEM outreach groups, youth organizations, civic programs
 - **\$4,000–\$6,000 per hour**
-

Add-Ons

- **Workshops / Hands-On Robotics Demonstrations:** +\$1,500–\$3,000 per session (based upon needs)
 - **Custom Content Development** (tailored robotics/STEM curriculum, DEI framework, or integration of NoireSTEMinist® principles): +\$1,500–\$3,000
 - **Book Sales:** Purchase books for attendees and provide table for book signing and sales
 - **Travel & Lodging:** Covered by host (see speaker rider)
-

Signature Topics

- *My STEM is for the Streets:* Making robotics and engineering accessible
- *Representation Matters:* Changing the face of STEM, Diversity in STEM
- *Robotics for the Streets:* Hands-on, open-source robotics education
- *Bias in AI/Robotics:* How to mitigate bias against marginalized communities
- *Creativity & STEM:* Bridging engineering, romance writing, and children's books
